History of ACI

Austin Career Institute LLC (ACI) was established in 2012 by a licensed professional engineer, Shahram Jamali, and a Texas State University Activate program graduate and computer programmer, Rosha Teimuri. ACI was licensed by Texas Workforce commission in 2013 and accredited by Council on occupational Education (COE) in 2018. ACI recognizes the worth and dignity of all people and is sensitive to the diversity of its student population. All students are encouraged to reach their potential within the framework of their individual needs, interests, and capabilities. ACI believes that education should promote the development of positive self-esteem and the ability to be self-sufficient. ACI provides services that support the students' efforts to succeed academically, vocationally, and personally. These services include individual advising, academic tutoring, and assistance in locating needed social services.

“GI BILL® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at <https://www.benefits.va.gov/gibill>.”

Statement of Legal Control

The owners of the school are Rosha Teimuri and Shahram Jamali.
Austin Career Institute, LLC

Approvals

ACI is approved by Texas Workforce Commission Career Schools and Colleges, and a vendor to Texas Workforce Solutions and the US Department of Veterans Affairs. ACI is provisionally approved by Department of Education to participate in Title IV Federal Student Financial Aid program

ACI is Accredited by the Commission of the Council on Occupational Education.
Council on Occupational Education
7840 Roswell Road, Building 300, Suite 325
Atlanta, GA 30350
Telephone: 770-396-3898 / FAX: 770-396-3790, www.council.org

Mission Statement

To lift low-income individuals, Veterans, displaced or laid off workers and New Americans into better paying, in demand careers through quality, short-term education using Diversity, Equity, and Inclusion ([DEI](#)) principles, while simultaneously filling industry labor

shortages, reducing the amount of government dependency, and strengthening the US Economy.

Vision Statement

Transforming workforce challenges into opportunities through innovative education and collaborative partnerships with leading community service providers, enabling upward mobility.

Institutional Learning Outcomes

- Educate and develop skilled employees who can obtain employment and earn a living wage within the trades industry.
- Utilize innovative methods to help train, fund, and employ our students and graduates.

Administrative Staff and Faculty

Shahram (Shawn) Jamali, CTO and CEO, Campus Director, Director of Education, Substitute Instructor, and Distance Instructor. Mr. Jamali holds a BS in Mechanical Engineering from UT Austin specializing in HVAC-R systems and mechanical systems design. He also holds Professional Engineering (PE) and a Mechanical Contracting License in the State of Texas. He has twenty-four years of combined experience as a MEP Engineer and as an HVAC contractor. Shawn also has experience running a postsecondary school. He has served as a Campus Director for years, with four years of experience in Admissions and three years in Career Services. He is bilingual in Farsi and English.

The Co-Founder and President, as well as CFO, is Rosha Teimuri. Rosha Teimuri is a Texas State University Activate program graduate and has a BS in Computer Science. She has seventeen years of combined experience as CTO and programmer/analyst. She is bilingual in Farsi and English.

Amanda Pincock is the Director of Student Services. She is a returned Peace Corps Volunteer, has a BA in Education, and an MA in Applied Linguistics with a focus on Adult Literacy. She has more than twenty years of experience as an educator and has worked extensively with immigrant and refugee populations overseas and in the US. She is bilingual in English and French.

Carlos Rangel is the Director of Financial Aid. He has 14 years of experience in Financial Aid, HR and Accounting, and as Director of Operations, and over 20 years of experience working in the University system. He has a BS in Business Management with a concentration in Finance. He is bilingual in Spanish and English.

Kevin Howard is the Admission Representative and Business Development Representative. He has coordinated and supported recruitment efforts, promotional opportunities, and events in the higher education industry.

Elena Hernandez is the Administrative Assistant. She has a Bachelor of Arts and 9 years of experience as Administrative Assistant. She is bilingual in Spanish and English.

Austin Career Institute is fortunate to have one AmeriCorps Volunteer on full-time staff. Each volunteer has been interviewed for their dedication to service and desire to help students reach

their full potential. AmeriCorps Volunteers have Bachelor’s Degrees and experience working in many fields related to education and service.

Faculty (full-time and part-time listed separately) with degrees held and the conferring institution

1. Shahram Jamali – Part Time
HVAC-R
Mechanical Engineer, UT, Austin
20 years related work experience
2. Agustin Wong – Part Time
HVAC-R
HVAC-R Austin Career Institute Program, Austin, Texas
20 years related work experience
3. Matt Stroh – Part Time
HVAC-R
HVAC-R Austin Career Institute Program, Austin, Texas
20 years related work experience
4. Jocelyn Mays – Part Time
CCMA
Allied Health Careers Institute: Austin, Texas
11 years related work experience
5. Albert Echols – Full Time
HVAC-R
HVAC-R Austin Community College program units, Austin, Texas
35 years related work experience
6. Roel (Roy) Rocha– Part Time
Electrical program
Master Electrician, Austin, TX

Facilities, Equipment and Hours of Operation

The school is 3,702 square feet with three lab/classroom combos, three offices, one resource room and one reception area. The classrooms have desks, chairs, a white board, a projector and the following lab equipment:

Equipment	Equipment: Student Ratio
Heat Pump system variable speed on cart	1:10
Heat pump 3 speed on cart	1:10
Gas heat HVAC system variable speed on cart	1:10
Gas heat HVAC system 3 speed on cart	1:10

System diagram poster	1:10
Ice Maker	1:10
Freezer wiring board	1:10
Gas heat HVAC wiring board	1:10
Heat pump wiring board	1:10
Torch sets	1:10
Vacuum pumps	1:10
Evacuation pumps	1:10
Evacuation tanks	1:10
Tool boxes and tools	1:10
Lockout/tagout devices	1:10
Basic electrical circuits	1:10
Meters (including Analog meter, Multimeter, Voltmeter, Clamp-on ammeter, Ohmmeter, Continuity Tester, and Voltage tester)	1:10
Panelboard	1:10
Relays	1:10
Transformers	1:10
Motors	1:10
Various motor switches	1:10
Thermostats	1:10
Exam Table	1:15
Flat top treatment table	1:15

Sterilizer	1:15
Specula dispenser	1:15
IV Pole Hanger	1:15
Pneumatic Adjustable Stools	1:15
Rolling stools	1:15
Scale with Height Rod	1:15
Exam Light	1:15
Hemoglobin/Glucose Machine	1:15
Electronic Medical Records Software	1:15
Blood Pressure Cuff-Electric	1:15
Venipuncture Arm	1:15
Vein Viewer	1:15
Axis Scientific Life Size Skeleton Model 5' 6" Full Size	1:15
Thermometer - Digital	1:15
Surgical Instruments	1:15

All equipment used for instruction is owned by ACI.

Hours of Operation and Technical Assistance

ACI holds classes from 8:00am to 11:00pm Monday through Friday, 7:00am to 7:00pm on Saturdays, and 7:00am to 1:00pm on Sundays (excluding holidays). Technical assistance for students attending online classes is available 10:00am to 6:00pm Monday through Thursday and 10:00am to 4:00pm on Fridays. Our administrative office hours are Monday through Friday 9:00am to 6:00pm.

Program Descriptions

For licensing and criminal background requirements for students' chosen field of study, students must visit his or her desired state's licensing boards.

Medical and Allied Health licensing specialized Certifications will be offered by NAHP. The MA student graduates will be qualified to test for the following licenses:

NRCMA - Nationally Registered Certified Medical Assistant
NRCPT - Nationally Registered Certified Phlebotomy Technician
NRCEKG - Nationally Registered Certified EKG Technician
NRCAHA - Nationally Registered Certified Administrative Health Assistant

*MA students are required to take only the NRCMA test. Students must pass certification exams for credentialing.

HVAC-R student graduates will be qualified to test for the following license:

EPA 608 Technician Type Universal
Licensing will be offered by VGI Training – <https://www.vgitraining.com/>.
Students must pass certification exams for credentialing.

MEDICAL ASSISTANT – Diploma Hybrid and Traditional

Length: 900 Clock Hours; Instructional Month: Approximately 10
Program Quarter Credits: 52
Credential Awarded: Diploma
Mode of Delivery: Traditional & Hybrid
Language of Delivery: English

OBJECTIVE:

Medical Assistants are a multi-skilled allied health professional that demonstrates proficiency in entry-level ambulatory health care settings. A Medical Assistant will perform both administrative and clinical roles while assisting physicians, physician assistants, nurse practitioners, and other healthcare professionals. The need for well-trained Medical Assistants continues to grow significantly, as such the objective of the Medical Assistant Program is to provide training and enable students to gain knowledge and skills necessary for entry-level employment in medical offices, clinics, urgent care centers and specialty practices.

DESCRIPTION:

The Medical Assistant program includes administrative and clinical competencies expected of entry-level positions in a variety of health care settings. Students develop skills in front office administration with an introduction to health insurance and basic billing practices. The back-office portion focuses on direct patient contact and typical clinical and laboratory skills, such as minor clinical procedures, EKG, phlebotomy, injections, and lab screenings. Students will also learn Universal Precautions, OSHA regulations, HIPAA requirements, confidentiality, and the legal aspects applicable to any allied health environment. Duties of Medical Assistants vary from office to office depending on office location, size, and specialty. They report directly to an office manager, physician, or other health practitioner.

EXTERNSHIP

An externship course is included in this program to provide students with the opportunity to apply their knowledge and skills to real-life situations in a healthcare setting. Students are required to complete the required externship hours and other related learning activities prior to graduation. Students are not permitted to be paid for work performed during their externship experience.

CREDENTIALING EXAMS

Medical and Allied Health licensing specialized Certifications will be offered by NAHP. The MA student graduates will be qualified to test for the following licenses:

- NRCMA - Nationally Registered Certified Medical Assistant
- NRCPT - Nationally Registered Certified Phlebotomy Technician
- NRCEKG - Nationally Registered Certified EKG Technician
- NRCAHA - Nationally Registered Certified Administrative Health Assistant

MA students are required to take only the NRCMA test.

Residential Heating, Ventilation, & Air Conditioning Certificate Program - HVAC Hybrid and Traditional

360 clock-hours, 4 months (15 weeks, excluding holidays).

Credential Awarded: Diploma

Mode of Delivery: Traditional & Hybrid

Language of Delivery: English & Spanish

Program Objectives:

- Identify components of residential heating, ventilation and air conditioning systems
- Define EPA requirements related to residential HVAC systems
- Describe the safety equipment used when installing or maintaining residential HVAC systems
- Solve problems using basic algebra and geometry related to the measurement of lines, area, volume, weights, angles, pressure, vacuum, and temperature
- Explain concepts of heat transfer and air flow measurement
- Interpret wiring diagrams, blueprints, and other industry-related schematics
- Identify types of tubing and fittings used in the HVAC/R industry and how they are mechanically joined
- Discuss principles of condensation, evaporation and compression as they relate to refrigeration
- Demonstrate use of equipment used to install or maintain residential HVAC systems
- Demonstrate the troubleshooting, maintenance and installation of residential HVAC systems
- Use industry paperwork and recordkeeping methods
- Define customer service and identify work habits that contribute to success on the job
- Interworking of evaporator, its behavior during normal operation of an HVAC system, diagnosis of abnormal operation and repairing of this component
- Interworking of refrigerant metering device, its behavior during normal operation of a HVAC system, diagnosis of abnormal operation and repairing of this component.
- Interworking of condenser, its behavior during normal operation of a HVAC system, diagnosis of abnormal operation and repairing of this component
- Interworking of compressor, its behavior during normal operation of a HVAC system, diagnosis of abnormal operation and repairing of this component
- Interworking of electrical system for residential HVAC systems, its behavior during normal operation of an HVAC system, diagnosis of abnormal operation and repairing of this component
- Interworking of gas heat and heat pump systems, their behavior during normal operation of an HVAC system, diagnosis of abnormal operation and repairing of this component

Graduates of this program will find entry level positions in the Residential HVAC industry. The program is comprised of three courses. All courses are independent of each other and can be taken without prerequisite.

Residential & Commercial HVAC & Commercial Refrigeration Certificate Program HVAC – R Hybrid and Traditional

720 clock-hours, 9 months (36 weeks)

Credential Awarded: Diploma

Mode of Delivery: Traditional & Hybrid

Language of Delivery: English & Spanish

Program Objectives:

- Use American National Standards Institute (ANSI) hand signals to identify components of residential and commercial heating, ventilation and air conditioning systems
- Describe the safety equipment used when installing or maintaining residential and commercial HVAC systems
- Solve problems using basic algebra and geometry related to the measurement of lines, area, volume, weights, angles, pressure, vacuum, and temperature
- Explain concepts of heat transfer and air flow measurement
- Interpret wiring diagrams, blueprints, and other industry-related schematics
- Identify types of tubing and fittings used in the HVAC industry and how they are mechanically joined
- Discuss principles of condensation, evaporation and compression as they relate to refrigeration
- Demonstrate use of equipment used to install or maintain residential HVAC systems
- Demonstrate the troubleshooting, maintenance and installation of residential HVAC systems
- Use industry paperwork and recordkeeping methods
- Define customer service and identify work habits that contribute to success on the job

- Understand interworking of evaporator, its behavior during normal operation of a HVAC system, diagnosis of abnormal operation and repairing of this component
- Understand interworking of refrigerant metering device, its behavior during normal operation of a HVAC system, diagnosis of abnormal operation and repairing of this component
- Understand interworking of condenser, its behavior during normal operation of a HVAC system, diagnosis of abnormal operation and repairing of this component
- Understand interworking of compressor, its behavior during normal operation of a HVAC system, diagnosis of abnormal operation and repairing of this component
- Understand interworking of electrical system for residential HVAC systems, its behavior during normal operation of a HVAC system, diagnosis of abnormal operation and repairing of this component
- Understand interworking of gas heat and heat pump systems, their behavior during normal operation of a HVAC system, diagnosis of abnormal operation and repairing of this component
- Understand interworking of commercial and industrial HVAC systems, their behavior during normal operation of a HVAC system, diagnosis of abnormal operation and repairing of this component
- Understand interworking of commercial and industrial refrigeration systems, their behavior during normal operation of a HVAC system, diagnosis of abnormal operation and repairing of this component

Graduates of this program will find entry level positions in the Residential and Commercial HVAC-R industry. The program is comprised of six courses. All courses are independent of each other and can be taken without prerequisite.

Advanced Electrical Technician Certificate Program

677.5 clock-hours, 8 months (29 weeks)

Credential Awarded: Diploma
 Mode of Delivery: Traditional & Hybrid
 Language of Delivery: English

Program Objectives:

- Describe the safety equipment used when installing or maintaining electrical systems
- Define the units of measurement that are used to measure the properties of electricity
- Demonstrate the use of equipment used to troubleshoot, install or maintain electric systems
- Define capacitive reactance and state how it is affected by frequency
- Describe the component parts and operating characteristics of a three-phase motor
- Explain the relationship between voltage and current in RL circuits, RC circuits, LC circuits, and RLC circuits
- Explain basic transformer action
- Classify lighting fixtures by type and application
- Properly select, install, and support pull and junction boxes and their associated fittings
- Use NEC tables
- Describe the wiring methods permitted for branch circuits and feeders in specific hazardous locations
- Select branch circuit conductors and overcurrent protection devices for electric heat, air conditioning equipment, motors, and welders
- Select contactors and relays for use in specific electrical systems
- Calculate loads for various residential and commercial applications
- Define the different categories for voice-data-video (VDV) cabling systems
- Use industry paperwork and recordkeeping methods
- Define customer service and identify work habits that contribute to success on the job

Graduates of this program will qualify for entry level positions in the Commercial and Residential Electrician industry. The program is comprised of six courses. All courses are independent of each other and can be taken without prerequisite.

Agency & Agency-referred students may have a discounted tuition.

Current interest charged for self-pay students must be stated and disclosed on the enrollment agreement prior to student enrollment.

***The stated length months and weeks are an estimate.**

Retaking failed courses

Students will only be allowed to repeat courses as required by ACI due to academic problems or attendance violations, and only as scheduling permits. Students are permitted to repeat courses under the following conditions:

* Students who previously passed a course may only repeat that course one additional time (two total attempts).

- * Students who have attempted but not passed a course may repeat the course two additional times (three total attempts).
- *The highest grade received on the repeated courses becomes the final grade and supersedes all other grades for that course. It will replace all other grades for that course in the CGPA calculation.
- * All final grades are reflected on the official transcript; repeated courses are designated by "***".
- *Students who do not successfully pass a required course three times will be dismissed from the program. Students dismissed from a program for failing a required course three times cannot be readmitted into the same program or into another program that requires the same course.
- * All program-specific grading requirements and restrictions on course repeats stipulated by state regulatory and accrediting bodies or the campus catalog must be followed.
- * Repeated courses must be paid for by the student.

Tuition Payment

Prior to enrolling at the Institution, all applicants are encouraged to explore the availability of financial funding through state agencies and the Veterans Administration. Financial assistance information and application assistance are provided to help each student and his/her family clearly understand their financial situation before entering into a contractual agreement. Payment plans are available for self-pay students.

Admissions Requirements

- 1) Applicants must be 18 years old or older
- 2) Applicants must complete an Application for Admissions
- 3) Applicants must have a Diploma or GED, or take and pass an entrance exam*
- 4) Applicants must speak English or Spanish or take and pass an entrance exam (ESL programs are available to students so that they are able to improve their English and be able to pass the Entrance Exam and enter the English language trade classes)
- 5) Applicants desiring to enroll in blended courses will be required to complete a Distance Learning Assessment to confirm they are well suited for online coursework
- 6) Applicants must meet with an Admissions Representative to determine the type of class schedule that will best meet the applicant's objectives, and sign an enrollment agreement
- 7) FSA applicants must have valid proof of successful completion of high school as evidenced by any of the items on the following non-exhaustive list:
 1. Copy of the student's valid high school diploma or G.E.D. certificate (or equivalent)
 - i. In mitigating circumstances, as an alternate to show proof of completion of high school, an official high school transcript (bearing signature of a high school official) listing the student's graduation date
 - ii. Austin Career Institute accepts online diplomas when the **diploma** comes from an **online school** that has accreditation from the proper regional board.
 - iii. Have evidence of completion of home schooling that state law treats as a home or private school; or a copy of state-issued credential for secondary school completion if homeschooled (if applicable)

- iv. An academic transcript of a student who has successfully completed at least a two-year program that is acceptable for full credit towards an Associates or Bachelor's degree
- v. Any foreign diploma must be verified for high school completion by an approved outside agency that is qualified to translate into English in order to confirm the academic equivalence to a U.S. High School Diploma
- vi. A former member of the military who is unable to obtain documentation of his or her high school diploma (or its recognized equivalent), an institution may accept as alternative documentation a DD Form 214—Certificate of Release or Discharge From Active Duty— if the DD Form 214 indicates the individual is a high school graduate or equivalent.

*For students not using Title IV funding, ACI has developed an entrance exam which has proven successful in determining an applicant's ability to successfully understand and complete the requirements of the programs offered. A minimum passing score of 70% is required. Applicants who fail the exam will be allowed to retake the exam in 24 hours. A third attempt at the exam will be provided one week following the second exam attempt. A fourth attempt at the exam will not be provided for 1 month following the third attempt.

HOME SCHOOLING

To receive FSA Funds, a student must be qualified to study at the post-secondary level. A student qualifies if they:

- Have a high school diploma (for qualifying international students, it must be equivalent to a U.S. high school diploma)
- Have a recognized equivalent of a high school diploma, such as a general educational development or GED certificate or other state sanctioned test or diploma –equivalency certificate
- Have completed homeschooling at the secondary level as defined by state law; or
- Have completed secondary school education in a homeschool setting, which qualifies for an exemption from compulsory attendance requirements under state law, as Texas state law does not require a homeschooled student to receive a credential for their education.
- A student may self-certify on the FAFSA that she / he has received a high school diploma or high school equivalency certificate or that she / he has completed secondary school through homeschooling as defined by state law. If a student indicates that she / he has a diploma or high school equivalency certificate, Austin Career Institute is required to ask for copy of the diploma or high school equivalency certificate and not rely on the student's self-certification alone.
- ACI identifies the validity of school by calling/searching; request transcript from the school to verify the authenticity of the diploma; verify the school's accreditation body; research of other institutions who also accept this diploma

Admissions Process

Interested applicants can call or visit ACI to set up an appointment with an Admissions

Representative. Applicants are encouraged to visit to see the facilities firsthand, and meet the staff.

During the admissions appointment, the programs offered, the admissions requirements, program costs and the catalog will be reviewed with the applicant. Applicants will also need to take the Distance Learning Assessment.

Only after the applicant has satisfied all the admissions requirements will the applicant be provided an enrollment agreement. The enrollment agreement is the contract between the applicant and ACI. The enrollment agreement lists the program description, the program hours, class schedule, academic delivery and cost for program completion.

The applicant becomes a student only after the enrollment agreement has been accepted by ACI.

Recognized Holidays

ACI Holiday Class Closure

- New Year's Day
- Spring Break Week
- Memorial Day and previous weekend
- Independence Day
- Labor Day and previous weekend
- Veteran's Day
- Thanksgiving Day and the day after Thanksgiving
- Christmas Eve through New Year's Eve

ACI Holiday Office Closure

- New Year's Day
- Memorial Day
- Independence Day
- Labor Day
- Thanksgiving Day and the day after Thanksgiving
- Christmas Eve, Christmas Day, New Year's Eve

Holidays listed above that fall on a weekend will be observed both the day of and either the Friday before or the Monday after.

Note: Class schedules are extended for holidays, so that the total hours of instruction for each class is provided.

Class Schedule

Traditional

Students in the full-time program will attend class for 24 hours of instruction each week.

The session hours for traditional instruction are as follows:

Monday –Friday

6:00am to 12:00pm
11:00am to 5:00pm
5:00pm to 11:00pm

Weekends

Saturdays 7:00am to 7:30pm
(Saturday 12:00pm to 12:30pm lunch)
Sundays 7:00am to 1:00pm

A ten-minute break will be taken every after every fifty minutes of instruction.

Hybrid

Students will attend three days per week of traditional instruction (12.5 hours instruction), and two days on-line (11.5 hours of on-line instruction), for a total of 24 hours of instruction each week. For more information please see ACI's Distance Education Policy on our website <https://www.austincareerinstitute.edu/Consumerinfo.html>.

Course Sequences and Frequency

Modules are taught in a wheel. For example, the HVAC Certificate Program, CRT 101, is followed by CRT 102, which is then followed by CRT 103, until all 6 modules have been taught. Once the last module is taught the wheel starts over with CRT 101. Students may start at the beginning of any module, as each module is self-standing (no pre-requisites). If a student fails a module, the student cannot retake the module until it is scheduled to be offered again.

Academic Delivery

Programs will be delivered in some combination of classroom, lab, and online instruction. The Institute's online platform is located at: www.nccerconnect.com. Programs are taught by qualified instructors. ACI's online course is a specialized Internet-based application presented to both the students and the instructor. Unlike traditional classroom instruction, which often relies on improvisation driven by a desire to cover the material, The Institute's online courses are fully developed and realized before the first lesson ever takes place. Following enrollment, students will have access to the following support services:

- Orientation to the campus
- Orientation to the traditional and digital classroom
- Technology and Equipment Requirements for Digital Instruction

In order to enroll in a program with a digital instruction component, students must have access to a computer with the minimum requirements.

Online Student Identity Authentication and Privacy

The online classroom has restricted access and is a password protected electronic environment. Prior to entering, an online student's identity must be verified by way of an assigned unique login and password that is provided to each student upon enrollment and class registration. Verification of student information is provided at no extra cost to the student. Student identity will be maintained in a private format by ACI in accordance with established institutional privacy and confidentiality policies, with access provided only to agents of ACI who require immediate and necessary use of the information to fulfill the various activities. It is the student's responsibility to strictly preserve the privacy of their login and password information. Students are prohibited from sharing login and password information. Any such intentional compromise of the integrity of the privacy of a student's login and/or password (i.e., sharing of this information) will result in the student being subject to immediate termination from ACI. In the event a student believes the privacy associated with their login and password information has been compromised, they are required to contact school officials for an immediate reset of their information. This is also done at no extra cost to the student.

ACI's application for admission requires a driver's license number, which may be used for identity verification. Several other measures assist in verifying that the individual submitting work online is the enrolled student appearing for traditional lab work. For example, quizzes may be given in any lab course, in class.

Technology Requirements for Online Coursework

The minimum computer requirements for participation in online coursework are as follows: The Institution will assess a prospective student's ability to be successful in a digital instruction environment using the following assessments, prior to admission:

- Student must complete an online assessment to determine if digital instruction is a good fit for them. Additionally, as part of the admission process for programs that have a digital learning component, students are required to attest to certain competencies in the use of technology. Students must have the following skills:
 - Ability to use e-mail to correspond with faculty, staff, and students.

- Ability to access, create, and save documents in Microsoft Office formats. At a minimum, students must be familiar with Microsoft Word
- Ability to browse the Web, including downloading and installing common plug-ins (listed in the Technology and Equipment Requirements for Digital Instruction section of this catalog) and configuring common browser options
- Student must have ability to configure and run applications, including an antivirus application, to ensure that the student's system is secure and transmitted files are virus free. Students that enroll in an online program must have the following minimum technology requirements:
 - A functioning email addresses
 - Access to Microsoft 2010 or Microsoft Office 365
 - Intel I3 Processor or higher
 - A monitor capable of displaying 1024x768 at 16bit color
 - Minimum 4 GB of RAM
 - High-speed Internet access on LAN connection (DSL or faster)
 - Wireless connection (802.11n or ac)
 - While dial-up may work, it may not be suitable for many applications
 - A supported web browser
 - Mozilla Firefox, version 37 or greater
 - Internet Explorer, version 10 or greater
 - Safari, version 6 or greater
 - Sound card and computer speakers to listen to audio presentations
 - Headset/microphone
 - Adobe Flash, version 17 or greater
 - Adobe Reader, version DC
 - Java, version 8 or greater

ACI has computers at student disposal to be used at the school. These computers will meet the minimum requirements listed above.

Financial Aid

ACI is currently provisionally certified to participate in Title IV Federal Financial Aid Programs.

Students who intend to use VA Benefits (GI Bill®) can only register for traditional programs.

- The student's Title IV loans (if applicable) will enter into repayment 6 months from the students last date of attendance.
- Any consumer loan repayment will be per the terms of the consumer loan.

Satisfactory Academic Progress Policy

Satisfactory Academic Progress (SAP) ensures that students are progressing through their program of study both academically and in a timely manner. To be considered as making satisfactory progress, a student must both maintain a minimum cumulative grade point average (CGPA) and completion rate (pace). The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at

the school. The SAP Policy is in the Consumer Information of the Austin Career Institute website (<https://www.austincareerinstitute.edu/Consumerinfo.html>) and the Catalog to ensure that all students receive a digital link prior to enrollment. The policy complies with the guidelines established by the United States Department of Education.

Evaluation Period

Students are evaluated for SAP at the end of each payment period for programs that are one academic year or less in length, at the point when the student's scheduled clock-hours for the payment period have elapsed, regardless of whether the student attended them. For programs of study longer than one academic year ACI evaluates SAP at end of each payment period.

These points are as follows for each program at ACI:

***Medical Assistant** - 450 (actual) and 900 (actual) hours

***Residential & Commercial HVAC & Commercial Refrigeration** - 360 (actual) and 720 (actual) hours

Residential Heating, Ventilation AC - 360 (actual) hours

Advanced Electrical Technician Certificate Program - 338 (actual) and 677.5 (actual) hours

Advanced Electrical and Renewable Energy Technician Certificate Program - 456 (actual) and 912 (actual) hours

If midpoint Title IV funding is scheduled as listed above for a program, it will not be drawn or disbursed until the student has successfully reached the midpoint hours. This means for the above programs the students must attend the minimum hours for funding to be drawn or disbursed.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress.

SAP Evaluation

Each SAP evaluation includes evaluation of the qualitative (grade-based), quantitative (time-related), and Maximum Time Frame standards.

Informal academic evaluation is performed after each unit of study which is called a module. Academic evaluation is not SAP and is not related to SAP, rather it is an internal measurement to ensure that students are on the correct path to complete their course successfully.

MAXIMUM TIME FRAME

Definition: Maximum time a student can receive Title IV aid to complete a program of study

The student must graduate within the Maximum Time Frame allowed which does not exceed 143% of the course length at ACI. The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning and attendance.

Maximum Time Frame Calculation example:

720 clock hour program is 30 weeks long

30 weeks X 143% = 43 weeks maximum time frame

Quantitative measure (tied to maximum time frame)

30 weeks ÷ 43 weeks = 70% (usually rounded to 70%)

Student Must complete 70% of clock hours and weeks each evaluation period to complete program in Maximum Time Frame

The maximum time for ACI does not exceed 143% of the course length allowed for students to complete each course at satisfactory academic progress is stated below:

COURSE	ACTUAL HOURS/WEEKS/HOURS	MAX WEEKS/HOURS
Medical Assistant	FT - 24 hrs/37.5 weeks/900 Hrs.	54 weeks/1,287 hrs.
Residential & Commercial HVAC & Commercial Refrigeration	FT - 24 hrs/30 weeks)/720 Hrs.	43 weeks/1,030 hrs.
Residential Heating, Ventilation	FT - 24 hrs/15 weeks)/360 Hrs.	22.5 weeks/486 hrs.
Advanced Electrical Techniques	FT - 24 hrs/29 weeks)/677.5 Hrs.	42 weeks/969 hrs.
Advanced Electrical and Renewable Energy Technician Certificate Program	FT - 24 hrs/38 weeks/912 Hrs.	54 weeks/1,287 hrs.

The maximum time allowed for transfer students who need less than the full program requirements will be determined based on 70% of the scheduled contracted hours.

Students who have not completed the course within the maximum timeframe may continue as a student at the institution on a cash pay basis.

All programs are offered with delivery method of traditional and hybrid.

QUANTITATIVE MEASURE (PACE)

Definition: To measure progress toward program completion

Pace of progression required to make sure student completes within maximum time frame and is calculated as shown below:

- For clock-hours, evaluating cumulative clock hours under the quantitative measure expressed in calendar time
- Successfully completed clock hours ÷ Scheduled clock hours ≥ 70%
- ACI uses standard rounding rules when calculating percentages under the program quantitative measurement.
Example -66.5% could be rounded up to 67%
- The minimum PACE required for maintaining SAP in the various programs is 67% completion rate.
- Evaluation is conducted at the end of each payment period of the program to determine if the student has met the minimum attendance requirements.

QUALITATIVE MEASURE

Definition: To assess quality of academic work using standards measurable against a norm like Grades; work projects; etc.

- It is cumulative
- CUMULATIVE GRADE POINT AVERAGE (CGPA)

- The CGPA measures the quality of a student's coursework.
- The minimum cumulative grade point average (CGPA) required for maintaining SAP in the various programs is a 2.0 and 70% completion rate.
- ACI calculates cumulative CGPA which must be 2.0 or greater at midpoint and graduation.
- Students must make up failed or missed tests and incomplete assignments to graduate.

Grades will be determined using the following scale:

4.0	98%-100%	A+
3.8	94%-98%	A
3.7	90%-93%	A-
3.5	87%-89%	B+
3.3	83%-86%	B
3.0	80%-82%	B-
2.7	77%-79%	C+
2.5	73%-76%	C
2.0	70%-73%	C-
1.7	67%-69%	D+
1.5	63%-66%	D
1.0	60%-62%	D-
0.0	0%-59%	F

Failed = GPA below 2.0 or 70% or C- considered as failed and student should retake the course.

I = Incomplete Grade

W = Withdrawal

DR = Drop

Incompletes

An "I" is awarded only by student request, and only if the course has been fully paid, and the student must withdrawal from the module prior to module completion. Incomplete Grades do not affect the student CGPA however student must re-take the module and successfully pass the module.

Withdrawals

Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal. Module withdrawals are not included in the calculation of the CGPA.

Repetitions

A student who receives a D or F grade must repeat the module and earn a passing grade. A student may also repeat a module with a grade other than F or D to earn a higher grade. If a student must repeat a module, the repeated module must be successfully completed within

the Maximum Time Frame and upon the completion of the repeated module, the higher attendance and grade of the module will be counted toward the student's CGPA. Once a student fails a module, it may not be possible for him/her to graduate on time (1.43 times the program length). The students who repeat a module will not be charged for the module they are repeating.

Program Transfers

If a student decides to transfer into another ACI program, the credits earned for courses completed in the first program with a grade of "C" or higher, which are also course requirements in the new program, will be transferred to the new program. The student will be financially responsible for all courses attempted in the first program, as well as the additional courses required to be completed in the new program.

Transfer credit accepted toward completion of student's program will be counted as attempted and completed hours. ACI will not include transferred modules in the transcript and towards the CGPA. Transfer hours accepted into a program are factored into the quantitative measure and Max Time Frame by reducing the number of hours remaining in the program. ACI does not accept transfer credits except from SkillPoint Alliance.

For Example: 1200 hours/40 weeks program; ACI accepts 400 hours; new student's program is 800 hours and 25 weeks; max timeframe will be $25 \times 143\% = 36$ weeks

Transfer Credit

Transfer Out

The transferability of credits you earn at ACI is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the certificate you earn is also at the complete discretion of the institution to which you may seek to transfer. If the credits that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason, you should make certain that your attendance at this institution will meet your educational goals.

Transfer In

All credits earned towards the completion of a certificate must be earned at ACI. No credit will be offered for past education or experience.

Excused Absences

Up to 10% of a student's hours in a payment period can be comprised of excused absences for Title IV purposes. Excused absences always count as successfully completed for Title IV purposes

Leave of Absence

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and Maximum Time Frame by the same number of days taken in the leave of absence and will not count against the student when calculating SAP.

NON-CREDIT / REMEDIAL COURSEWORK

ACI does not offer module for no credit and individual courses for credit without being enrolled in an approved program. Satisfactory academic progress standards do not apply to these modules. Students are not eligible for financial assistance for these modules.

CHANGING PROGRAMS / ADDITIONAL CREDENTIALS

When a student changes programs or wants to enroll in another program to seek an additional credential, any modules applicable to the new program/credential must be included in the calculation of the CGPA and Maximum Time Frame for the new program.

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for CGPA and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

Title IV, HEA WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning.

The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation performed upon completion of the course hours. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she will not graduate.

Title IV, HEA PROBATION

Students who fail to meet minimum requirements for attendance or academic progress after the warning period, will lose their Title IV, HEA funding. The Student has the right to appeal and, if the student appeals the decision, and prevails upon appeal, the student will be placed on a Title IV, HEA probation for one payment period. If the student fails to regain SAP at the end of the payment period, the student will once again lose their Title IV, HEA eligibility.

Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

Title IV Appeal Process:

A student who loses their financial aid eligibility due to not making SAP at the end of a financial aid warning has the right to file an appeal regarding their Satisfactory Academic Progress Evaluations.

A student, who wished to appeal Academic Warning Status and with a loss of Title IV, HEA eligibility, must submit a written request to the School Director within ten (10) business days of being notified that they are in a non-satisfactory progress status.

The student must describe any unusual circumstance(s) that the student believes deserve special consideration. The basis on which a student may file an appeal: death of a relative, an injury, or illness of the student or other special circumstance. The student must provide information as to why they did not make SAP and what has changed that will allow them to make SAP by the next evaluation point.

Once the School Director receives the appeal, they will evaluate the appeal and provide a decision within ten (10) business days. The School Director will notify the student in writing of the decision and all decisions are final.

If the student is granted an appeal they will then be placed on Financial Aid Probation, which is a status assigned by the institution to a student who fails to make SAP. Note the appeal has been granted for one payment period only.

Title IV, HEA Financial Appeal Granted:

Should the student prevail upon their appeal they will be placed on a Financial Probation for that payment period. The student will then be eligible for Title IV, HEA funds for that payment period. While on Financial Aid Probation, the student must meet the institutions Satisfactory Academic Progress standards and complete the requirements of the Academic Improvement Plan, which was developed by the institution to assist the student in regaining their Title IV, HEA eligibility. A student on Financial Aid Probation because of a successful appeal is eligible for Title IV, HEA funds for ONE payment period.

Title IV, HEA Financial Aid Probation Status:

A student placed on Financial Aid Probation may receive Title IV, HEA programs funds for one payment period. Any student that prevails upon the appeal process shall be placed on financial aid probation and will be eligible to receive Title IV, HEA funding during this period. The student may also be placed on an individual development plan to assist the student in regaining SAP at the end of this payment period. Those who are not making SAP at the end of the Financial Aid probation period will be ineligible to receive Title IV, HEA funds for the following payment periods. A student must meet SAP prior to having eligibility reinstated. If the student is not granted a Probation they will remain on Academic Warning with a loss of Title IV, HEA funding for at least one payment period, at which time they must be making SAP in order to regain Title IV, HEA funding for the next payment period.

Reinstatement of Title IV, HEA Funding:

This process is limited to the period under evaluation. Students making SAP by the conclusion of the probation period will be removed from the probation status and will regain eligibility for Title IV, HEA aid.

Satisfactory Academic Progress Appeals, Probation, and Academic Plans

A student may appeal the school's determination of withdrawal due to failure to re-establish satisfactory progress by the end of the Academic Warning period to the Director of Education based upon extenuating circumstances. These might include the death of a relative, an illness of or injury to the student or other extraordinary situations. The student's appeal must be received within 3 days of final SAP evaluation.

The written appeal must contain 1) an explanation of why the student failed to meet the SAP standards; and 2) a description of what has changed in the student's situation that will enable him or her to again meet the satisfactory progress standards. Supporting documentation should be submitted if possible.

The Director of Education will review the information submitted in the context of the student's entire academic record and notify the student of the decision within 24 hours. This decision is final. If the appeal is granted, the student will be placed on probation for the evaluation period, and the Director of Education's notice to the student will outline the requirements of the academic plan the student must follow. The terms of the academic plan must ensure the student will be able to complete the program within the maximum timeframe (1.43 times the program length) and with the required CGPA for graduation.

At the end of the probationary period of evaluation, the student's progress will be evaluated based upon the academic plan. If the student is meeting SAP standards, the student will be notified and removed from a probationary status and will be graduated.

If the student fails to meet the terms of the academic plan at the end of a probationary period of evaluation, the student will be notified and dismissed from school.

Procedure for re-establishing Satisfactory Academic Progress (SAP)

A student can re-establish SAP by improving their CGPA and/or completion rate to the minimum requirements specified for SAP. A student who is placed on Academic Warning and re-establishes SAP at the end of the Academic Warning period will be removed from Academic Warning. A student who is placed on Probation and re-establishes SAP at the end of the Probation period will be removed from Probation.

Re-entry for students dismissed due to failure to meet SAP

If a student is terminated for unsatisfactory progress and pursuant to Title 40, Texas Administrative Code, Section 807.221.224, the student cannot be readmitted until a minimum of one grading period has passed. Upon reentering the program, the student would be placed on academic probation for one grade period. If the student does not show satisfactory progress during their academic probation period, they will again be terminated and will not be readmitted to the program.

Pursuant to Texas Education Code, Section 132.061(f), students who withdraw from a program for an appropriate reason, not related to their academic status, and who are paying full tuition, may request a grade of incomplete. A student receiving a grade of incomplete may reenroll during the 12 months following their withdrawal in the class or classes they are receiving an incomplete in at no additional tuition cost.

Student Participation / Attendance

Any student who does not provide documented attendance either in class or online for 10 consecutive days may be automatically withdrawn from the program if contact with the student cannot be made to confirm he/she intends to return to class by participating in the

required activities. If contact is made with the student, and the student intends to continue, an additional seven days may be granted to provide time for the student to post attendance.

Due to the nature of the hybrid distance learning format provided by ACI, students are required to attend online classes AND the traditional scheduled lab hours. Students are required to read the online material. Participation in the on-demand online classes will be evaluated per ACI's Distance Education Policy. Currently all the online portion of the hybrid programs must be completed in class in traditional format. This means that students registered in hybrid programs attend classes in traditional format.

Assignments and critiques are most often done in the live lab sessions, which are both crucial and beneficial for students to scrutinize. The work posted by the student on the online test and quizzes and their understanding of the lab material will reflect the participation and understanding of the course work.

Lack of attendance at either the traditional or online scheduled hours will result in failure to maintain SAP which will result in probation and potentially termination from the program.

Only during COVID-19 pandemic students who are registered in a HVAC or HVAC-R hybrid or traditional programs are allowed to attend all the 24 hours of their weekly schedule in Zoom classes if permitted by ACI.

School conduct policy

The following behaviors are not in harmony with the educational goals of ACI:

1. Academic dishonesty, such as cheating, plagiarism, or knowingly furnishing false information to ACI
2. Forgery, alteration, misuse, or mutilation of ACI documents, records, identifications, educational materials, or ACI property
3. Obstruction or disruption of teaching, administration, disciplinary procedures, or other activities, including public service functions or other authorized activities on the campus
4. Interfering with the learning process of other students, classroom presentations, or individual instruction being conducted in any class, laboratory, authorized activity or online session of the school
5. Physical or verbal abuse of, or threats toward, any person, including harassment or stalking, or conduct which threatens or endangers health or safety of individuals or the campus community at large
6. Theft of or unauthorized removal of or damage to property of ACI, or using or attempting to use ACI property in a manner inconsistent with its designed purpose
7. Unauthorized entry to, use, or occupation of ACI facilities

8. Intentional and unauthorized interference with a right of access to ACI facilities or freedom of movement or speech of any person on the premises
9. Use or possession of illegal drugs, firearms, ammunition, knives, or other dangerous weapons, substances, or materials (except as expressly authorized by ACI), bombs, explosives, or incendiary devices prohibited by law
10. Disorderly conduct or lewd, indecent, or obscene conduct or expression
11. Violation of a federal, state, or local ordinance including, but not limited to, those covering alcoholic beverages, narcotics, dangerous drugs (as detailed in the Drug Free Schools Act), peer-to-peer file sharing, identity theft, gambling, sex offenses, or arson, which violation occurs on or through use of ACI property
12. Rioting, or aiding, abetting, encouraging, or participating in a riot
13. Failure to comply with the verbal or written directions of any ACI official acting in the performance of his/her duty and in the scope of his/her employment, or resisting designated campus security personnel while acting in the performance of his/her duties
14. Aiding, abetting, or inciting others to commit any act of misconduct set forth in numbers 1 through 12 above
15. Conduct which leads to formal charges and/or a conviction for a serious crime. (Upon the filing of formal charges involving an offense which is of a serious nature including felonies and some drug-related offenses, a student may be suspended pending disposition of the charges in civil court.)

Disciplinary proceedings and sanctions specific to peer-to-peer file sharing and drug- and alcohol-related offenses are available through student support. Re-admission will be on a probationary basis only. Any further infraction of the policies and rules will necessitate permanent suspension.

Requirements for Graduation

To graduate from the courses of instruction offered by ACI, students must satisfy the following requirements:

1. Complete all required courses and meet SAP requirements
2. Satisfy all financial obligations to ACI
3. Complete the program within the scheduled time frame (within 150% of the program length)
4. Satisfactory progress and turning in of the assigned homework

Academic Transcripts and Certificates

Copies of unofficial academic transcripts may be requested at a cost of \$5.00. Current or former students may request a free copy of their unofficial transcript by submitting a written request to the Institution including their name and physical address and/or email address where the unofficial transcript should be mailed or emailed. Transcripts will be

marked to indicate they are unofficial copies. Official transcripts may be requested at a cost of \$15.00. Graduates will be provided a Certificate of Completion once all graduation requirements have been met.

Placement Assistance

ACI offers placement assistance. ACI works closely with local employers to assist in placement of the students after graduation at no charge to the graduate. Employment opportunities from prospective HVACR companies contacting the school are made available to students upon graduation as well as assistance with resume preparation, addresses for the many HVAC Companies in the US and the world, and contact data for placement service personnel who may assist students with locating a position as a HVAC technician. ACI does not guarantee graduate employment.

Grievances

Student grievances should first be directed to the instructor. If the grievance cannot be resolved with the instructor, then the student may meet with the School Director or Director of Education to discuss his or her grievance. If the grievance cannot be resolved with the Director, then the student may direct unresolved grievances to:

Texas Workforce Commission
Career Schools and Colleges
101 East 15th Street
Austin, Texas 78778-0001
&
Council on Occupational Education
7840 Roswell Road
Building 300, Suite 325
Atlanta, GA 30350
<http://council.org/>

Approved and Regulated by the Texas Workforce Commission, Career Schools and Colleges, Austin, Texas. ACI is Accredited by the Commission of the Council on Occupational Education. TWC school number is S4226 and COE school ID number is 348100.

Cancellation Policy

A full refund of tuition and fees collected will be made in the event that:

1. The student cancels the enrollment contract within 72 hours (until midnight of the third day excluding Saturdays, Sundays and legal holidays) after the Enrollment Agreement is signed, or
2. Students who have not visited the school facility prior to enrollment have the opportunity to withdraw without penalty within three days following either attendance at a regularly-

scheduled orientation or following a tour of the facilities and inspection of the equipment,
or

3. An enrollee is not accepted by the school, or the course of instruction is discontinued by the school and this prevents the student from completing the course, or
4. The student's enrollment was procured as a result of any misrepresentation in advertising, promotional materials of the school, or representations by the owner or representatives of the school.
5. If the course of instruction is discontinued by the school and this prevents the student from completing the course

A student who cancels enrollment within the student's first three scheduled class days, or fails to ever attend a class, will receive a full refund of tuition except that the school may retain not more than \$100 in administrative fees charged, as well as items of extra expense that are necessary for the portion of the program attended and stated separately on the Enrollment Agreement.

Refunds are issued within 45 days of the planned or actual class start date.

GI BILL® AND VR&E BENEFICIARIES

GI Bill® and VR&E beneficiaries (Chapter 33 and Chapter 31 beneficiaries) can attend a course of education or training for up to 90 days from the date the beneficiary provides a certificate of eligibility, or valid VAF 28-1905. This allows a student to attend the course until VA provides payment to the institution. ACI will not impose a penalty, or require the beneficiary to borrow additional funds to cover tuition and fees due to late payments from VA. Section 103 requires a State Approving Agency (SAA), or the Department of Veterans Affairs (VA) when acting in the role of the SAA, to disapprove certain courses of education. VA can grant a waiver to these requirements.

Refund Policy

Refund computations will be based on the percentage of course time remaining in the period of financial obligation as of the effective date of termination. Leaves of absence, suspensions and school holidays do not impact this computation.

The effective date of termination for refund purposes will be the earliest of the following:

- (a) The last day of attendance, if the student is terminated by the school;
- (b) The date of receipt of written notice from the student; or
- (c) Ten school days following the last date of attendance.

The last day of attendance is defined as the last day of attendance in a traditional course, or the last day of an academically related activity online, whichever is later.

If a student enters a residence or synchronous distance education program and withdraws or is otherwise terminated, the school or college may retain not more than \$100 in nonrefundable administrative fees for the entire program. The minimum refund of the remaining tuition and fees will be the pro rata portion of tuition, fees, and other charges that the number of hours remaining in the portion of the course or program for which the student has been charged after the effective date of termination bears to the total number of hours in the portion of the course or program for which the student has been charged, except that a student may not collect a refund if 75 percent or

more of the total number of hours in the portion of the program for which the student has been charged has elapsed as of the effective date of termination.¹

Refunds for items of extra expense to the student, such as books, tools, or other supplies should be handled separately from refund of tuition and other academic fees. The student will not be required to purchase instructional supplies, books and tools until such time as these materials are required. Once these materials are purchased, no refund will be made. For full refunds, the school can withhold costs for these types of items from the refund as long as they were necessary for the portion of the program attended and separately stated in the enrollment agreement. Any such items not required for the portion of the program attended must be included in the refund.

A student who withdraws for a reason unrelated to the student's academic status after the 75 percent completion mark and requests a grade at the time of withdrawal shall be given a grade of "incomplete" and permitted to re-enroll in the course or program during the 12-month period following the date the student withdrew without payment of additional tuition for that portion of the course or program.

A full or partial refund may also be due in other circumstances of program deficiencies or violations of requirements for career schools and colleges.

Refund Policy for Seminars:

1. Refund computations will be based on the period of enrollment computed on basis of course time (clock hours).
2. The effective date of termination for refund purposes will be the earliest of the following:
 - (a) the last date of attendance; or
 - (b) the date of receipt of written notice from the student.
3. If tuition and fees are collected in advance of entrance, and the student does not enter school, not more than \$100 shall be retained by the school.
4. If the student fails to enter the program, withdraws, or is discontinued at any time before completion of the program, the student will be refunded the pro rata portion of tuition, fees, and other charges that the number of class hours remaining in the program after the effective date of termination bears to the total number of class hours in the program.
5. A full refund of all tuition and fees is due in each of the following cases:
 - (a) an enrollee is not accepted by the school;
 - (b) if the program of instruction is discontinued by the school and this prevents the student from completing the program; or
 - (c) if the student's enrollment was procured as a result of any misrepresentation in advertising, promotional materials of the school, or misrepresentations by the owner or representatives of the school.

¹ More simply, the refund is based on the precise number of course time hours the student has paid for, but not yet used, at the point of termination, up to the 75% completion mark, after which no refund is due. Form PS-1040R provides the precise calculation.

REFUND POLICY FOR STUDENTS CALLED TO ACTIVE MILITARY SERVICE

A student of ACI who withdraws from ACI as a result of being called to active duty in a military service of the United States or the Texas National Guard may elect one of the following options for each program in which the student is enrolled:

- (a) If tuition and fees are collected in advance of the withdrawal, a pro rata refund of any tuition, fees, or other charges paid by the student for the program and a cancellation of any unpaid tuition, fees, or other charges owed by the student for the portion of the program the student does not complete following withdrawal; or
- (b) A grade of incomplete with the designation "withdrawn-military" for the courses in the program, other than courses for which the student has previously received a grade on the student's transcript, and the right to re-enroll in the program, or a substantially equivalent program if that program is no longer available, not later than the first anniversary of the date the student is discharged from active military duty without payment of additional tuition, fees, or other charges for the program other than any previously unpaid balance of the original tuition, fees, and charges for books for the program; or
- (c) The assignment of an appropriate final grade or credit for the courses in the program, but only if the instructor or instructors of the program determine that the student has:
 - (1) Satisfactorily completed at least 90 percent of the required coursework for the program; and
 - (2) Demonstrated sufficient mastery of the program material to receive credit for completing the program.

The payment of refunds will be totally completed such that the refund instrument has been negotiated or credited into the proper account(s), within 45 days after the effective date of termination.

The Institutional Withdrawal Settlement Policy calculation will be performed after the Return of Title IV calculations has been completed, determining the Title IV earned by the student and school. See policy below.

Title IV Refund Policy

RETURN OF TITLE IV, HEA POLICY

When you apply for financial aid, you sign a statement that you will use the funds for educational purposes only. Therefore, if you withdraw before completing your program, a portion of the funds you received may have to be returned. Austin Career Institute will calculate the amount of tuition to be returned to the Title IV, HEA Federal fund programs according to the policies listed below.

RETURN TO TITLE IV FUNDS POLICY

This policy applies to students who **withdraw officially, unofficially or fail to return from a Leave of Absence or are dismissed from enrollment** at Austin

Career Institute. It is separate and distinct from the Austin Career Institute refund policy. (Refer to Austin Career Institute’s Refund Policy.)

The calculated amount of the Return of Title IV, HEA (R2T4) funds that are required for the students affected by this policy are determined according to the following definitions and procedures as prescribed by regulations.

The amount of Title IV, HEA aid earned is based on the amount of time a student spent in academic attendance and the total aid received; it has no relationship to the student’s incurred institutional charges. Because these requirements deal only with Title IV, HEA funds, the order of return of **unearned** funds do not include funds from sources other than the Title IV, HEA programs.

Title IV, HEA funds are awarded to the student under the assumption that they will attend school for the entire period for which the aid is awarded. When student withdraws, they may no longer be eligible for the full amount of Title IV, HEA funds that were originally scheduled to be received. Therefore, the amount of Federal funds earned must be determined. If the amount disbursed is greater than the amount earned, unearned funds must be returned.

The institution has 45 days from the date that the institution determines that the student withdrew to return all unearned funds for which it is responsible. The school is required to notify the student if they owe a repayment via written notice.

The school must advise the student or parent that they have 14 calendar days from the date that the school sent the notification to accept a post-withdraw disbursement. If a response is not received from the student or parent within the allowed time frame or the student declines the funds, the school will return any earned funds that the school is holding to the Title IV, HEA programs.

“Official” Withdrawal from the School

A student is considered to be “Officially” withdrawn on the date the student notifies the Financial Aid Director or School Director, in writing, of their intent to withdraw. The date of the termination for return and refund purposes will be the earliest of the following for official withdrawal:

1. Date student provided official notification of intent to withdraw, in writing or orally.
2. Date the student began the withdrawal from Austin Career Institute records. A student is allowed to rescind their notification in writing and continue the program. If the student subsequently drops, the student’s withdrawal date is the original date of notification of intent to withdraw.

Upon receipt of the official withdrawal information, Austin Career Institute will complete the following:

1. Determine the student’s last date of attendance as of the last recorded

- date of academic attendance on the school's attendance record;
2. Two calculations are performed:
 - a. The student's ledger card and attendance record are reviewed to determine the calculation of Return of Title IV, HEA funds the student has earned, and if any, the amount of Title IV funds for which the school is responsible. Returns made to the Federal Funds Account are calculated using the Department's Return of Title IV, HEA Funds Worksheets, scheduled attendance and are based upon the payment period.
 - b. Calculate the school's refund requirement (see school refund calculation)
 3. The student's grade record will be updated to reflect their final grade.
 4. Austin Career Institute will return the amount for any unearned portion of the Title IV funds for which the school is responsible within 45 days of the date the official notice was provided.
 5. The will provide the student with a letter explaining the Title IV, HEA requirements:
 - a. The amount of Title IV assistance the student has earned. This amount is based upon the length of time the student was enrolled in the program based on scheduled attendance and the amount of funds the student received.
 - b. Any returns that will be made to the Title IV, HEA Federal program on the student's behalf as a result of exiting the program. If a student's scheduled attendance is more than 60% of the payment period, he/she is considered to have earned 100% of the Federal funds received for the payment period. In this case, no funds need to be returned to the Federal funds.
 - c. Advise the student of the amount of unearned Federal funds and tuition and fees that the student must return, if applicable.
 6. Supply the student with ledger card record noting outstanding balance due to the school and the available methods of payment. A copy of the completed worksheet, check, letter and final ledger card will be kept in the student's file.

In the event a student decides to rescind their official notification to withdraw, the student must provide a signed and dated written statement that they are continuing their program of study and intends to complete the payment period. Title IV, HEA assistance will continue as originally planned. If the student subsequently fails to attend or ceases attendance without completing the payment period, the student's withdrawal date is the original date of notification of intent to withdraw.

Unofficial Withdrawal from School

In the event that the school unofficially withdraws a student from school, the School Director and/or Admissions Director must complete the Withdrawal Form using the last date of attendance as the drop date.

Any student that does not provide official notification of their intent to withdraw and is absent for more than 10 days (14 consecutive calendar days), will be subject to termination and considered to have unofficially withdrawn.

Within one week of the student's last date of academic attendance, the following procedures will take place:

1. The education office will make three attempts to notify the student regarding their enrollment status;
2. Determine and record the student's last date of attendance as the last recorded date of academic attendance on the attendance record;
3. The student's withdrawal date is determined as the date the day after 14 consecutive calendar days of absence;
4. Notify the student in writing of their failure to contact the school and attendance status resulting in the current termination of enrollment;
5. Austin Career Institute calculates the amount of Federal funds the student has earned, and, if any, the amount of Federal funds for which the school is responsible;
6. Calculate the school's refund requirement (see school refund calculation);
7. Austin Career Institute's Executive Financial Director will return to the Federal fund programs any unearned portion of Title IV funds for which the school is responsible within 45 days of the date the withdrawal determination was made and note return on the student's ledger card.
8. If applicable, Austin Career Institute will provide the student with a refund letter explaining Title IV requirements:
 - a) The amount of Title IV aid the student has earned based upon the length of time the student was enrolled and scheduled to attend in the program, and the amount of aid the student received
 - b) Advise the student in writing of the amount of unearned Title IV aid and tuition and fees that they must return, if applicable
 - c) Supply the student with a final student ledger card showing outstanding balance due the school and the available methods of payment.
9. A copy of the completed worksheet, check, letter, and final ledger card will be kept in the student's file.

Disbursement Restrictions – 30 Day, First time, First Year Undergraduate Students

There are some Title IV, HEA funds that the student was scheduled to receive that cannot be disbursed to them once they withdraw because of other eligibility requirements.

For example, if they are a first-time, first-year undergraduate student and they have not completed the first 30 days of their program before they withdraw, they

will not receive any Direct Loan funds that they would have received had they remained enrolled past the 30th day.

Earned AID:

Title IV, HEA aid is earned in a prorated manner on a per diem basis (calendar days or clock hours) up to the 60% point in the payment period. Title IV, HEA aid is viewed as 100% earned after that point in time. A copy of the worksheet used for this calculation can be requested from the financial aid director.

Withdraw Before 60%

The institution must perform a R2T4 to determine the amount of earned aid through the 60% point in each payment period or period of enrollment. The institution will use the Department of Education's prorate schedule to determine the amount of the R2T4 funds the student has earned at the time of withdrawal.

Withdraw After 60%

After the 60% point in the payment period or period of enrollment, a student has earned 100% of the Title IV, HEA funds he or she was scheduled to receive during this period. The institution must still perform a R2T4 to determine the amount of aid that the student has earned.

Austin Career Institute measures progress in Clock Hours, and uses the payment period for the period of calculation.

The Calculation Formula:

Determine the amount of Title IV, HEA aid that was disbursed plus Title IV, HEA aid that could have been disbursed.

Calculate the percentage of Title IV, HEA aid earned:

- a) Divide the number of clock hours scheduled to be completed in the payment period as of the last date of attendance in the payment period by the total clock hours in the payment period.

$$\frac{\text{HOURS SCHEDULED TO COMPLETE}}{\text{TOTAL HOURS IN PERIOD}} = \% \text{ EARNED}$$

- b) If this percentage is greater than 60%, the student earns 100%.
- c) If this percent is less than or equal to 60%, proceed with calculation.

Percentage earned from (multiplied by) Total aid disbursed or could have been disbursed = AMOUNT STUDENT EARNED.

Subtract the Title IV aid earned from the total disbursed = AMOUNT TO BE RETURNED.

100% minus percent earned = UNEARNED PERCENT

Unearned percent (multiplied by) total institutional charges for the period =
AMOUNT DUE FROM THE SCHOOL.

If the percent of Title IV aid disbursed is greater than the percent unearned (multiplied by) institutional charges for the period, the amount disbursed will be used in place of the percent unearned.

If the percent unearned (multiplied by) institutional charges for the period is less than the amount due from the school, the student must return or repay one-half of the remaining unearned Federal Pell Grant.

Student is not required to return the overpayment if this amount is equal to or less than 50% of the total grant assistance that was disbursed /or could have been disbursed. The student is also not required to return an overpayment if the amount is \$50 or less.

Austin Career Institute will issue a grant overpayment notice to the student within 30 days from the date the school's determination that student withdrew, giving student 45 days to either:

1. Repay the overpayment in full to Austin Career Institute, or Sign a repayment agreement with the U.S. Department of Education.

Order of Return

Austin Career Institute is authorized to return any excess funds after applying them to current outstanding Cost of Attendance (COA) charges. A copy of the Institutional R2T4 work sheet performed on the student's behalf is available through the office upon student request.

In accordance with Federal regulations, when Title IV, HEA financial aid is involved, the calculated amount of the R2T4 Funds is allocated in the following order:

- Unsubsidized Direct Stafford loans (other than PLUS loans)
- Subsidized Direct Stafford loans
- Parent Plus loans – received on behalf of the student
- Direct PLUS loans - received on behalf of the student
- Federal Pell Grants for which a Return is required
- Iraq and Afghanistan Service Grant for which a Return is required
- Federal Supplemental Educational Opportunity Grant
- Other Title IV, HEA assistance

Post-Withdrawal Disbursement

If the student did not receive all of the funds that they earned, they may be due a post-withdrawal disbursement. If the post-withdrawal disbursement includes loan funds, Austin Career Institute must get the student's permission before it can disburse them. The student may choose to decline some or all of the loan funds so that they don't incur additional debt. Austin Career Institute may automatically use all or a portion of the student's post-withdrawal disbursement of grant funds for tuition, and fees (as contracted with the student).

Austin Career Institute needs the student's permission to use the post-withdrawal grant disbursement for all other school charges. If the student does not give their permission (some schools ask for this when students enroll), they will be offered the funds. However, it may be in the student's best interest to allow Austin Career Institute to keep the funds to reduce the student's debt at the school.

Time frame for returning an unclaimed Title IV, HEA credit balance

If a school attempts to disburse the credit balance by check and the check is not cashed, the school must return the funds no later than 240 days after the date the school issued the check.

If a check is returned to a school or an EFT is rejected, the school may make additional attempts to disburse the funds, provided that those attempts are made not later than 45 days after the funds were returned or rejected. When a check is returned or EFT is rejected and the school does not make another attempt to disburse the funds, the funds must be returned before the end of the initial 45-day period.

The school must cease all attempts to disburse the funds and return them no later than 240 days after the date it issued the first check.

Institution Responsibilities in regards to return of Title IV, HEA funds

Austin Career Institute's responsibilities in regards to Title IV, HEA funds follow:

- Providing students information with information in this policy;
- Identifying students who are affected by this policy and completing the return of Title IV, HEA funds calculation for those students;
- Returning any Title IV, HEA funds due to the correct Title IV, HEA programs.

The institution is not always required to return all of the excess funds; there are situations once the R2T4 calculations have been completed in which the student must return the unearned aid.

Overpayment of Title IV, HEA Funds

Any amount of unearned grant funds that you must return is called overpayment. The amount of grant overpayment that you must repay is half of the grant funds

you received or were scheduled to receive. You must make arrangement with Austin Career Institute or the Department of Education to return the amount of unearned grant funds.

Return of Title IV, HEA Funds: Student Responsibilities

- Return to the Title IV, HEA programs any funds that were dispersed to the student in which the student was determined to be ineligible for via the R2T4 calculation.
- Any notification of withdraw should be in writing and addressed to the appropriate institutional official.
- A student may rescind their notification of intent to withdraw. Submissions of intent to rescind a withdraw notice must be filed in writing.
- Either these notifications, to withdraw or to rescind a withdraw, must be made to the official records/registration personnel at the school.

Refund vs. Return to Title IV, HEA Funds

The requirements for the Title IV, HEA program funds when students withdraw are separate from any refund policy that Austin Career Institute may have to return to the student due to a cash credit balance. Therefore, the student may still owe funds to the school to cover unpaid institutional charges. Austin Career Institute may also charge the student for any Title IV, HEA program funds that it was required to return on the student's behalf.

Students may ask Austin Career Institute for a copy of the Refund Policy.

Return to Title IV, HEA Questions

If the student has questions regarding Title IV, HEA program funds after visiting with Austin Career Institute's Financial Aid Director, they may call the Federal Student Aid Information Center at 1-800-4-fedaid (800-433-3243). TTY users may call 800-730-8913. Information is also available on student aid on the web at www.studentaid.ed.gov.

***This policy is subject to change at any time, and without prior notice.**

Leave of Absence:

- An authorized Leave of Absence (LOA) is a temporary interruption in the student's program of study.
- The LOA refers to a specific period of time in which a student is not in attendance.
- An LOA is not required during an institutional break, however; a scheduled break may occur during an LOA.

- An LOA must meet certain conditions to be counted as a temporary interruption (LOA) instead of being counted as a withdrawal, which would then require Austin Career Institute to perform a withdrawal calculation.
- Austin Career Institute will not assess the student any additional charges as a result of the LOA.
- A student who must take an approved Leave of Absence (LOA) or must withdraw from training for nonacademic reasons may return to Austin Career Institute with no loss of SAP if the student was making SAP when the student left.
- To qualify for an authorized LOA:
 - The student must follow Austin Career Institute’s Leave of Absence Policy when requesting an LOA.
 - There must be reasonable expectations that the student will return from the LOA.
 - The LOA must be requested and approved in writing according to Austin Career Institute’s LOA Policy and prior to LOA occurring unless there is an unforeseen circumstance that would prevent the student from requesting in advance.
 - The LOA must be dated and signed by the student.
 - The student must provide documentation to substantiate the LOA.
 - The student is required to list the reason for the LOA.
 - Emergency LOA, without prior written request, may be granted provided the student completes the LOA form and returns it to Austin Career Institute via mail or in person within a reasonable resolution of the emergency.
 - The first date of the LOA would be the beginning date of the approved LOA where the student, due to an emergency situation, was unable to attend Austin Career Institute.
 - A student granted an LOA that meets the criteria is not considered to have withdrawn, and no refund calculation is required at that time.
 - A student may be granted a LOA for any of the following reasons:
 - 1) Emergency medical issues
 - 2) Military requirements
 - 3) Jury duty
 - 4) Mitigating circumstances beyond the student’s control
 - 5) Academy staff recommendation
- The day the student returns from an LOA, the student is required to inform staff in the financial aid office and education office of their return.
- A leave of absence extends the student’s contract period and maximum time frame by the same number of days taken in the Leave of Absence without penalty to the student.
 - All parties must initial changes to the contract period on the Enrollment Agreement or an addendum must be signed and dated by all parties to reflect the new contract end date.
- If the student takes an unapproved LOA or does not return from an approved LOA, at the expiration of the LOA:
 - Austin Career Institute is required to take attendance, therefore; the withdrawal date for the purpose of calculating a refund is always the last date of attendance as listed in the student’s attendance records.
- Austin Career Institute permits more than one LOA provided the total number of days of all LOAs does not exceed 180 calendar days in any 12-month period.

- If a student needs an extension to their LOA, pending all 180 calendar days have not been used in prior LOA(s), the student must complete a new LOA request form, prior to concluding the current LOA, outlining the details for the requested extension.
- If the student is receiving consumer loans and/or federal funding, no aid (consumer or federal aid funding) will be disbursed during the LOA.
- If the student does not return from the LOA, the student will be dropped from Austin Career Institute.
 - The student's Title IV loans (if applicable) will enter into repayment 6 months from the students last date of attendance.
 - Any consumer loan repayment will be per the terms of the consumer loan.

Completed forms, inquiries, or corrections to the individual information contained in this form shall be sent to the TWC Career Schools and Colleges, 101 East 15th Street, Room 226T, Austin, Texas 78778-0001, (512) 936-3100. Individuals may receive and review information that TWC collects about the individual by emailing to open.records@twc.state.tx.us or writing to TWC Open Records, 101 E. 15th St., Rm. 266, Austin, TX 78778-0001.
